EXPERIENCE

Pawsitive Vibes Veterinary Clinic, Al Ain, United Arab Emirates

Chief Executive Officer

DEC 2024 – PRESENT

- Led the clinic's launch, overseeing all startup operations, licensing, and regulatory compliance.
- Acted as the legal representative, liaising with government officials for inspections and approvals.
- Selected to join a global community of investors and entrepreneurs, participating in international collaboration meetings and building relationships within supplier networks.
- Handled the complete hiring and screening process, including posting job ads, reviewing applications, and interviewing candidates across multiple platforms to build a reliable clinic team.
- Established the clinic's digital footprint by creating its official website and managing all social media platforms.
- Designed the clinic's full branding suite: logos, signage, banners, and customized veterinary passports for pet owners.
- Delivered high-quality photography for marketing and social media, enhancing client engagement and brand visibility.
- Designed custom barcodes and equipment labels for clinic machines to support inventory tracking and organized operations.
- Conducted in-depth competitor and market analysis to optimize service offerings and revenue strategies.
- Utilized QuickBooks Online (ProAdvisor certified – basic) for tracking financial performance, including profit, loss, and forecasting future revenue models.
- Led high-performing Google and Meta Ads campaigns, combining strategic planning and creative execution to drive rapid user acquisition; reaching 700K+ users and onboarding 1,000 customers within two months.
- Prepared and analyzed weekly marketing performance reports across Google and Meta platforms, tracking KPIs and ROI to refine ad targeting, optimize creatives, and improve conversion outcomes.
- Collaborated with suppliers to source cost-effective veterinary products while improving the security and handling of medicinal items.
- Developed and maintained financial spreadsheets that streamlined record-keeping processes, including inventory management, client data, expense tracking, and daily operational records.

UC Berkeley Extension, Berkeley, California, USA

Apprentice

MAR 2024 – PRESENT

- **Pet Market Trend Analysis** (Feb 2025 – Mar 2025)

Analyzed U.S. online pet supply sales data using Python (Pandas, NumPy, Matplotlib), cleaning and merging multiple real datasets to uncover pricing trends, seasonality patterns, regional behavior, and competitor benchmarking insights.

- **Starbucks Malaysia Customer Segmentation** (Oct 2024 – Jan 2025)

Conducted end-to-end customer analytics in R using K-Means and Ward's Hierarchical Clustering, built an ACSI-based satisfaction model, and translated segmentation findings into strategic recommendations for retention and loyalty program improvement.

- **Internet Data File Analyzer** (Mar 2024 – Apr 2024)

Built a Python program performing three-tier analysis (basic stats, group-by operations, trend exploration), automated data downloads, integrated Matplotlib and SQLite for visualization and storage, reducing processing time by 30% and increasing insights by 25%.

JPMorgan Chase & Co. Corporate Analyst Development Program (CADP), New York, USA

CADP Analyst Trainee

APR 2024 - MAY 2024
